

Why Apartments Need Feedback

Apartments are constantly battling online reviews. Today's tenants would rather complain online before going through the trouble of physically involving a manager. Feedback offers an easy and discreet way for tenants to voice their concerns in real-time, on site, and without the need for awkward face-to-face confrontation.

Your tenants would like to tell you something
Are You Ready to Listen?

Example Feedbacks

The roof is leaking and staining the ceiling tile in suite 215.

A tree limb has fallen near parking spot 115.

The A/C in suite 423 is not working.

The "2" button does not light up in the elevator.

Benefits of Real-Time Feedback

- Ensure a better tenant experience
- Capture valuable feedback about properties
- Decrease response time for tenant issues
- Get ahead of poor reviews
- Intuitive dashboard and analytics
- Easy to use tenant interface (no downloads required)
